

**Sermon Notes – August 23, 2015**  
**“Time and Eternity”**  
**Psalm 90**  
**Pastor Bill Hoffman**

**Verses 1-6: People fragile, God eternal.**

- Which of the pictures of contrast between God and humanity in these lines are especially striking to you?

**Verses 7-11: People sinful, God wrathful.**

- While some Christians may overemphasize the theme of these lines, others may wish they were not in the Psalm.
- In what ways might we consider it good that God is angry at human sinfulness?

**Verses 12-17: People praying, God answering.**

- Each of these six verses contains a different petition.
- Which do you especially long to see God answering in your life at this time?
- Spend some time this week reflecting on the basis in God’s character for answering that petition, and also praying it for yourself.
