“Re-digging the Wells”

Genesis 26

Pastor Bill Hoffman

In verses 1-12, note some of what Isaac has going for him. Why did Isaac prosper? (verse 12)

- What are some good circumstances in your life – material, relational, spiritual, talents/abilities – that you have done very little to possess?

Why did the Philistines stop up Isaac’s wells (verse 14)? As a rancher and farmer, the source of Isaac’s prosperity is threatened when his wells are stopped up.

- In what ways does adversity threaten the blessings in your life?
- Specifically in your relationship with God, what can plug up the wellspring of faith and rob you of joy and peace?

What especially helps you remove the dirt which can obstruct the living water of God from flowing more freely in your life?
