“How Much Is God Worth?”
2 Samuel 24:18-25
Pastor Bill Hoffman

To what extent do you think a person's bank statement and calendar reflect what they value and see as important?

In 2 Samuel 24, which elements do and don't seem easily applicable to contemporary life?

- Verse 24. Why did David consider the Lord worthy of a costly offering? Skimming chapter 22 may give you a sense of this.

Is there someone so important to you that you would take a few hours from your busiest day to spend with them? Spend money on them at the cost of denying yourself something you want?

- How much of your time is God worth? Your money? What is one specific way in which your life could more fully reflect this?
